ADMINISTRATION DIRECTORATE REVIEW: TRENDS AND HIGHLIGHTS

Evaluation

Course Objective:

The objective of this course is to update DDA Careerists' awareness and understanding of current activities, problems and trends in the Administration Directorate and its components.

1. Please indicate on the scale below the degree to which the course met its objective:

2. What part of the course did you find the most useful? *The speakers dealing with my own component were, of course, especially helpful to me - a relatively new employee. Surprisingly I found the data & records sections of keen interest, & the FOIA/PA speakers highlighted the radical changes in process -*

3. What part of the course did you find the least useful?

*Most films are a bore. Medical was interesting but not very useful since so little of that service is available to me - unless I have a heart attack at work.*

4. Please describe how the course benefited you.

*I thought overall. Significance of security generally into sharper focus; made me feel more apart of a team - & a damn good team at that - & spending such a companionable evening in which to work at this "affirmational adjustment" is great for morale!*

5. What suggestions do you have for improving this course?

*~~I have a suggestion~~ I feel the lack of a section on the end product of intelligence - what is it we are going thru all this for - & what has been to "intelligence" once it is acquired. ~~How~~ What is it & how is it used? Elements to be perhaps, but that's the point of it all - & thanks for a great work!*
